

**HB1198 Abortion -Inducing Drug Protocol Act
SUPPORT
TESTIMONY BY DEMOCRATS FOR LIFE OF MARYLAND**

Democrats for Life of Maryland, which is a chapter of Democrats for Life of America (DFLA), supports HB 1198, Public Health – Abortion – Drug-Induced Abortions, sponsored by Delegate Cox. Democrats for Life of Maryland has been closely following the medical abortion injuries which have occurred at a late-term abortion facility in Maryland during 2020. These powerful drugs can cause uterine ruptures, and in Maryland, where late-term abortion is permitted, some women have gone home without body parts after gruesome injuries sustained involving chemical abortifacients taken in late-term pregnancy. The administration of these drugs requires more, not fewer, restrictions for better protection of women’s health in the state of Maryland.
