

Committee: House Health and Government Operations Committee

Bill Number: House Bill 123 – Preserve Telehealth Act of 2021

Hearing Date: January 27, 2021

Position: Support

Moveable Feast supports *House Bill 123 – Preserve Telehealth Act of 2021*. The bill provides for reimbursement of the telehealth services beyond the pandemic. Telehealth is an important strategy in our health care system's efforts to address inequities in health care.

Moveable Feast's mission is to provide medically tailored meals to individuals facing life threatening illnesses to improve their quality of lives. We deliver meals to our clients' homes since many of our clients face transportation and mobility issues. Telehealth is based on a similar principle – bringing health care directly to consumers so that they do not have to navigate scheduling and transportation challenges.

By providing for reimbursement of audio-only services, the bill addresses one of the major barriers to telehealth services. Many individuals and sometimes whole communities do not have access to broadband or computers. Audio-only visits are essential to connect people to the health services they need.

Thank you for your consideration of our testimony, and we urge a favorable vote. If we can provide any further information, please contact Robyn Elliott at relliott@policypartners.net or (443) 926-3443.
