RE: **SUPPORT FOR HB 736** – Interstate Licensed Professional Counselors Compact

Dear Chairperson Pendergrass and Distinguished Members of the Health and Government Operations Committee:

I want to thank you for taking my written statement of support for HB 736 on the “Counseling Compact” to be entered into the public hearing record. My name is Glenda Laurent Dickonson and I am a Licensed Clinical Professional Counselor who resides and practices in Prince George’s County, Maryland. I am also the Member at Large of the Maryland Counseling Association.

This Compact is important to me because it adds value to my license as a professional counselor. As delineated below, the Compact allows me and my fellow counselors to facilitate continuity of care to clients who relocate to another state and wish to maintain a therapeutic relationship with their Maryland licensed counselor. The Compact would also allow Maryland counselors to enlarge their territories and treat clients located in other states, especially those that border Maryland. Technology has provided the opportunity to make this possible and my hope is that legislation would support it.

Much like existing licensure compacts for nurses, physical therapists, physicians, psychologists and EMS personnel, the Counseling Compact will increase licensure portability for practitioners while allowing state regulatory boards to better protect consumers through enhanced sharing of licensure information.

The Counseling Compact will benefit those in need of critical lifesaving mental health support and counselors by:

- Enhancing mobility for counselors who meet uniform licensure requirements.
- Increasing access to care for clients.
- Ensuring continuity of care when clients or counselors relocate or travel to other states.
- Allowing military personnel and spouses to easily maintain certifications when relocating.
- Preserving and strengthening the current system of state licensure.

The Counseling Compact preserves each state’s authority to regulate the profession. It does not alter scope of practice or impact state practice law. Counselors utilizing the Compact must abide by the laws and rules of the state in which they are practicing, including adhering to that state’s scope of practice.

I strongly urge you to support this Counseling Compact.

Sincerely,

Glenda Laurent Dickonson, Ph.D., LCPC, NCC
