

House Bill 535 - Maryland Sign Language Interpreters Act
sponsored by Delegate Acevero

Madam Chairperson and Members of the House Health and Government Operations Committee:

My name is Gregory Hlibok. I am a Deaf individual. I live in Maryland. I am writing this testimony to ask you to support **HB535 - Maryland Sign Language Interpreter Act of 2021** sponsored by Delegate Acevero.

This bill would require licensure for sign language interpreters working in the state of Maryland and help to ensure that members of the Deaf community have access to qualified interpreters. When unqualified interpreters are allowed to work unchecked, the impact on the communities they serve can be a matter of life or death. This bill provides both a mechanism for licensing interpreters and a means for relief in the form of a grievance process.

This long overdue licensure for sign language interpreters will bring integrity and accountability to the profession. Sign language licensure will create a sense of confidence among stakeholders in the deaf and hard of hearing community that their messages are being delivered accurately.

As a constituent, I ask you to please support HB535.

Sincerely,

Gregory Hlibok
