

Support Senate ~ HB 1109 - Health - Abortion -
Ultrasound and Waiting Period

March 17, 2021

Brigitta Mullican, 1947 Lewis Ave, Rockville, MD 20851-
District 17

Dear Delegate Ciliberti and Health and Government
Operations Committee

Please support HB 1109 - Health - Abortion - Ultrasound
and Waiting Period.

Ultrasound imaging of a preborn child and wait periods
save lives because it gives women a chance to really
understand prenatal development of their child. A picture
is truly worth a thousand words, and a thousand lives.

All lives should be protected. I believe every Legislator
should be protecting the right to live. Every life is precious.
Each of us is alive because a loving mother gave birth and
protected us.
