

Support HB 1150

GOOD AFTERNOON,

I am writing in support of HB 1150. Requiring proof of vaccination for attendance to a public school or to retain employment would be a violation of the 9<sup>th</sup> and 14<sup>th</sup> amendment of the Constitution of the United States of America which protects against state action of the right to privacy.

Amendment IX

“The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.”

Amendment XIV

Section 1.

“All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the state wherein they reside. No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.”

In addition, government designating this authority to non-government entities to strip us of our God given rights is unconstitutional as “governments are instituted among men, deriving their just Powers from the consent of the Governed”.

I URGE YOU TO SUPPORT THIS LEGISLATION as voting against HB 1150 would be a direct violation of the supreme law of the land.

THANK FOR YOUR READING MY TESTIMONY
