

**Testimony for the Senate Judicial Proceedings Committee  
February 11, 2021**

**SB 786 –Baltimore City – Control of the Police Department of Baltimore City**

**FAVORABLE WITH AMENDMENTS**

To: Chairman Smith, Vice Chair Waldstreicher, and members of the Committee

My name is **Jesus Eusebio Perez** and I live in **Baltimore City**, Maryland. I am testifying **in support of SB 786, with amendments**, to make the Baltimore City Police Department (BPD) a City agency. This bill is about racial justice and police accountability and would lead to Baltimore's local elected officials governing the BPD.

As an immigrant, a DACA recipient, and brown man in Baltimore City it is crucial that we have local control in Baltimore City. For many years I have been very involved in community work through CASA and other local organizations in the area that work directly with Black and Brown communities. Through this work and my own personal experience, I can honestly say that we need to have local control in order to have police transparency and accountability in Baltimore City. I am asking that you pass this bill with amendments.

Since the BPD is currently a state agency, Baltimore's City Council cannot implement policy changes that influence policing; these must instead go through the General Assembly - a body that only meets for 90 days annually and is 30 miles away from Baltimore. SB 786 sets a path for giving Baltimore the same degree of control over its police as other Marylanders.

That said, 2025 is far too long to wait. SB 786 should be amended so that local control would be on the 2022 ballot with an implementation date of January 1, 2023. Further, the make-up of the Advisory Board does not explicitly include community members. SB 786 should be amended to include community members.

SB 786 would positively contribute to the reform of policing in Baltimore by working toward restoring local control of the Baltimore City Police Department. **I urge the committee to issue a favorable report on SB 786 with amendments to the bill to shorten the implementation timeline to 2023 and include community members in the Advisory Board.**

Respectfully,  
Jesus Perez
