Maryland General Assembly

HB0638 - Untraceable and Undetectable Firearms

Delegate Lopez:

**I am opposed to HB0638.** As a law-abiding gun owner and resident of the State of Maryland I am adamantly opposed to this bill. I have been the victim of a robbery where I was held at gunpoint and tied up. It took years to feel safe. I regained some security with a CCW and train on a monthly basis since the State of Maryland failed in taking the active criminals off the street and keeping them behind bars. Being a victim once is difficult enough. Being victimized by our State representatives is equally disturbing. Customizing firearms is a necessity to get the best protection with personal comfort. Partial firearms are not complete firearms. Your interest in making things difficult for law-abiding citizens does ZERO for ridding actual crime from our streets. Your interest in more paperwork and registrations is taxing on the only industry interested in keeping people safe. A well informed and well-armed society is the BEST protection against crime.

I implore you to vote NO to HB0638.

Respectfully yours,

Dawn M Louizes
