

February 4, 2021

To whom it may concern:

**I am writing to you in support HB 120, Anton's Law.** Police do not belong in schools; police belong doing the work of policing. Our school-age young people need to learn that they are valued, capable, and important. This is accomplished by connecting with them, not policing them!!

This bill provides for the hiring of resource officers who will have specific rules around engaging students and who will not carry guns.

**I ask that you support HB-120, Anton's Law.** Our students deserve it!!

Sincerely,

Jane Powell  
Hagerstown, MD
