RE: Written Testimony for HB0200

Dear Delegates,

HB0200 imposes contradictory and impossible restrictions on families of gun owners. It imposes overbearing on law abiding citizens with complex and impossible to follow rules.

This will have zero impact to what I believe is your intention: the reduction to the rate of homicides in Maryland, especially Baltimore City. Focus on the criminals not us.

The only impact is to burden citizens who obey the law. I respectfully ask that you vote Unfavorably on this bill.

Respectfully,
