Greetings,

It is time to end the era of cannabis prohibition in our great state. Justice demands the immediate end of all cannabis arrests and the repair of the many damages caused by prohibition. Citizens of Maryland can grow unlimited tobacco plants and brew an unlimited amount of beer. There is no public health reason for restrictions on cannabis to be greater than restrictions on alcohol and tobacco. Citizens of Maryland should similarly be allowed to grow any amount of cannabis without fear of civil or criminal prosecution. It will be difficult to create a new market that is fair to both consumers and corporations. Getting to a veto proof majority in the House is the key to successfully protecting consumer interests. "Liberty and Justice for all" is of paramount importance.

Please pass HB0032, pass it this session and pass it with a veto proof majority. The Senate and the citizens of Maryland appreciate your efforts and have high expectations for October first.

Thank you,
Rusty Carr
