RE: Written Testimony for HB0669

Dear Delegates,

HB0669 is a bill that rightly goes after criminals. The penalty for straw purchases should be a felony.

This will have impact to what I believe is your intention: the reduction to the rate of homicides in Maryland, especially Baltimore City IF they are prosecuted! Focus on the criminals not us.

The only impact is to go after the source for illegally held guns, especially in Baltimore City. I respectfully ask that you vote Favorably on this bill.

Respectfully,

Peter O'Neill
