Re: Support of HB1343

The Republican State Central Committee for Anne Arundel County supports this bill that will restructure the composition of the Republican Central Committee. Currently the committee is composed of 3 representatives from legislative districts solely in Anne Arundel County and 1 representative from a legislative district that spans multiple counties. Changing representation to council district will more evenly distribute representation across the county and ensure equal and fair representation as we as maintain the number of members on the committee regardless of legislative districts. The addition of an at large member will keep the number of members to an odd number so we will eliminate the possibility of ties in critical votes to replace a vacancy in the General Assembly.
