Concerning HB0455 State Personnel - Implicit Bias Awareness Training – Required

Do NOT move this bill forward. I am strongly opposed. This is just another attempt to implement Critical Race Theory. It's propaganda, it's Marxist, and it's divisive.

This training is NOT:

About Equality

A civil rights movement

Aspirational

Unifying

Optimistic

Constructive

Affirming

Visionary

Factual

My tax dollars should not be spent on an attack of our Declaration of Independence. PERIOD!!!

Thank you
