

February 7, 2022

Maryland Senate
11 Bladen St.
Annapolis, MD. 21401

In Support of SB 383: MD Assoc of Environmental and Outdoor Education Grant – Funding and Eval - Extension

Members of the Maryland Senate's Budget and Taxation Committee.

We are an organization of military and non-military families with over 1400 members and fully support the extension of this pilot Green School programs.

We think this type of program is worthy of exploration and expansion in the coming years.

In the midst of the current Covid pandemic, now more than ever, the green school model is something that should be adopted and implemented for the health and safety of our school children.

Please support Senate Bill 383 and return a favorable report. Thank you for your time, and for considering our testimony today.
