Re: Support of SB0378 – Tri-County Council for Southern Maryland - Funding for Southern Maryland Agricultural Development Commission

I am Linda L. Jones, urban farmer, and owner of Elements of Nature -Botanicals and Farmaceuticals, Clinton, MD, and I am writing to you in strong support for SB0378 Tri-County Council for Southern Maryland - Funding for Southern Maryland Agricultural Development Commission. The bill is asking for an annual budget of \$900,000 from the Cigarette Restitution Fund (CRF) to be funded to the Tri-County Council of Southern Maryland for their SMADC department (TCCSMD/SMADC). The CRF fund is part of the Master Settlement Agreement (MSA) that comes into the state every year in perpetuity. SMADC currently receives \$900,000 from that fund, however it is due to sunset soon; this bill would ensure that SMADC continues to receive funding from the continual non-lapsing CRF fund.

For many years now, SMADC has utilized the CRF fund to help farmers transition out of tobacco production and into other sectors of agriculture. SMADC has a proven track record in providing valuable assistance, programs, and grant funds to the farming community, as well as being a valued partner to other ag industry organizations such as the Maryland Farm Bureau, MARBIDCO, the Maryland Department of Agriculture, and others.

Funding SMADC is crucial because:

- SMADC serves 2,011 farms on 205,000 acres in the five county Southern Maryland area; Anne Arundel, Calvert, Charles, Prince George's, & St. Mary's Counties, and maintains several statewide agricultural programs now as well.
- In FY22, with only \$900,000 in operating funds provided by the State to run the organization, SMADC proceeded to bring an additional \$1.3 million dollars into Maryland via non-state funding for programs and grants supporting the Maryland farming & small business community. SMADC is a good investment for the state.
- SMADC is currently in the process of building a \$4.7 million dollar Regional Agricultural Center (RAC) that will transform the agricultural business economy in Southern Maryland and beyond.
- SMADC's Maryland Market Money Program serves 550 local producers and 46 farmers markets statewide, providing over \$449,000 worth of fresh food to low-income families.

As a new board member of SMADC representing urban farmers in Prince Georges County, I have witnessed positive and professional collective engagement and supportive discussions within the group in ways that are clearly meant to be part of the solution to helping our farmers, big and small, to grow, thrive and become successful in meeting constant new and emerging needs in determining how food gets to the table of our citizens. SMADC has proven to be a driving force in the recognition of urban agricultural entities and their missions and goals of local farmers and helping them to not only survive but thrive, especially in its fair consideration and distribution of grant money within the region.

Best Regards,

Linda L. Jones, owner, Elements of Nature Urban Farm
