

To Whom It May Concern:

I am writing today, as an officer of RALA, Inc., an S-Corp based in MD, to express our support for bill HB409. Form 1 and the SDAT filing fee seem to have been designed for a different, more archaic business landscape. The information we provide along with it does not change year over year, nor is the information itself at all insightful or relevant to our operations. The elimination of this filing fee would also be a welcome fiduciary relief for small businesses such as ours.

Sincerely,

Rex Anderson
President, RALA, Inc.
