**House Bill 8**  
**Labor and Employment- Family and Medical Leave Insurance Program- Establishment**  
**(Time to Care Act of 2022)**

**House Economic Matters Committee**  
**February 15, 2022**

**Support**

*Welfare Advocates is a statewide coalition of social service organizations, advocacy groups, faith communities, and community members, whose mission it is to educate ourselves, and the wider community and to advocate for an adequate safety net and public policies that support families moving towards economic stability.*

**Welfare Advocates supports HB 8, which would establish a Family and Medical Leave Insurance program in Maryland.** This program allows families to take up to 12 weeks of paid leave to care for new children, family members with serious health conditions or disabilities, family members who are leaving for military deployment, or for their own health conditions.

**The need to take time off is universal, but the ability to do so is not.** The vast majority of employees in the U.S. do not have access to paid family leave.<sup>i</sup> HB 8 would be particularly beneficial for low-wage workers who disproportionately lack access to this vital benefit. For low-income families, just a few days of lost pay is equivalent to an entire month's grocery budget or rent payment. Implementing a paid family leave program – especially with a progressive pay structure as proposed in HB 8 – increases the health and financial security of Marylanders living in or near poverty.

**No one should have to choose between caring for a loved one or paying the bills.** Paid family and medical leave provides a safety-net for workers in unexpected circumstances. This bill would allow workers to comfort a dying parent, care for a newborn or adoptive child, or care for themselves during an unexpected medical crisis. Low-wage workers typically have to face tradeoffs by forgoing wages and job security to take time off to care for their families. Broadening the scope of who can access this vital benefit also reduces the likelihood that low-income Marylanders will need to access safety-net programs – such as TCA or SNAP – if they are able to access paid leave.

**Access to paid leave is a racial justice issue.** Black and Brown workers on average earn significantly less than white workers<sup>ii</sup> and women of color in particular are more likely to be the breadwinner as well as caregiver for their families<sup>iii</sup>. Economic disparities make it harder for families to absorb financial emergencies, which in turn magnify their need for paid family leave. HB 8 presents an opportunity to take a tangible step in the effort to dismantle the inequities born of structural racism and oppression in the workforce and in our communities.

**For the reasons stated above, we respectfully urge a favorable report on HB 8.**

Submitted by Lisa Klingenmaier, Chair of Welfare Advocates
