# **Imperiled wildlife parts and products for sale in Maryland**

**THE HUMANE SOCIETY  
OF THE UNITED STATES**

*In 2017 and again in 2021, the HSUS investigated the sale of elephant ivory and other wildlife products in Maryland.*

*We found undocumented ivory and other wildlife products for sale across the state, often sold under misleading circumstances.*

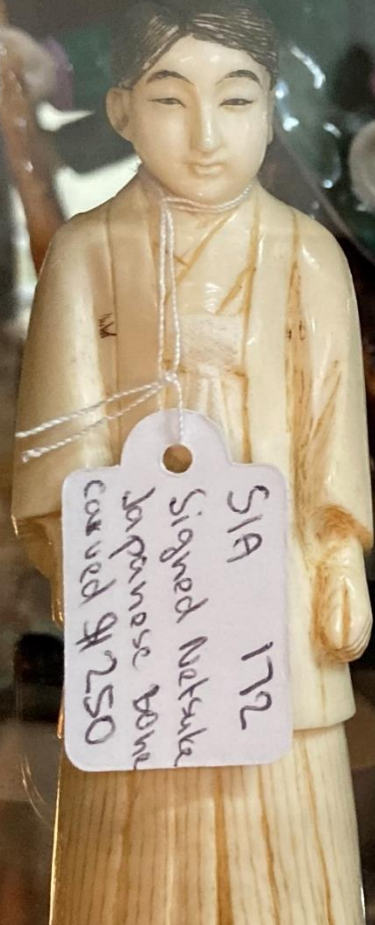

*These images show just some of what HSUS found, more findings are available upon request.*
