TO: Delegate Luke Clippinger, Chair, and Members of the Judiciary Committee

We, Unitarian Universalists, believe that we all belong to an interconnected community responsible for the safety and well-being of all. We have seen how gun violence affects all of us, as the effects of one event ripples out into the community. We believe that victims and their family deserve our “thoughts and prayers.” However, when firearms are the cause of their suffering, we should also take steps to prevent this harm, where possible.

We know that Gun Violence affects all of us and we know that common sense gun laws have saved lives! Some of you were Maryland legislators when the Firearms Act of 2013 was signed into law. These measures have been demonstrated to be effective in decreasing gun violence without compromising the rights of law-abiding citizens.

This is the third year we have submitted testimony for the Safe Storage and Child Access Prevention bill that would strengthen current Maryland law by decreasing access to guns by children under the age of 18. We know that unlocked guns in the home will increase the risk of accidental and intentional gun injuries and suicide. Studies have shown that preventing children’s access to guns will decrease suicides by guns and save lives.

The measure before you today is another tool to protect all of us from gun violence. We ask our legislators to stand on the side of love and justice and vote for this bill and others that strengthen Maryland’s gun violence prevention laws.

We urge a favorable report,
Janice Bird, MD
