

Maryland Municipal League

The Association of Maryland's Cities and Towns

TESTIMONY

March 2, 2022

Committee: House Environment and Transportation Committee

Bill: HB 936 – Blue Ribbon Community Solar Land Use Commission

Position: Support with Amendment

Reason for Position:

The Maryland Municipal League supports HB 936, which would establish a commission to study the land use needs and make recommendations to maximize the community solar pilot program in a cost-effective manner.

MML is supporting of identifying the needs and best applications of community solar and appreciates having a designated representative. In addition to the Commission's primary task, we would ask the Commission study what incentives may be necessary for each type of development and provide different incentive models (market-based, state, and local) to the General Assembly.

The Maryland Municipal League therefore respectfully requests the Committee provide HB 936 with a favorable report with amendments.
