Re: **HB1061** - Local Government - Condominium and Homeowners Associations -  
Repair and Rehabilitation Funds

I am a resident of the Walden Woods community in Howard County, Maryland. This is a 55 and older HOA community of approximately 87 homes. We had a situation a few years ago, that was not very pleasant for our community, so yes

As a lot owner of a homeowners association, I am totally in "FAVOR" of HB1061.

We need this bill to protect our rights!
