Testimony of the Maryland Horse Council on HB 514 - Charles County - Sunday Hunting:  
**OPPOSE**

- ❖ **A majority of Marylanders oppose Sunday hunting.** An independent statewide poll conducted by Gonzales Research and Media Services in 2018 found that 68.9% of respondents oppose Sunday hunting. Even DNR's own 2018 commissioned survey found that a majority of the general population does not favor Sunday hunting and does not want to see it expanded.<sup>1</sup>
- ❖ You may have heard that this bill does not create year round Sunday hunting; that it's really just about deer and turkey. That is incorrect. ***If the goal was to expand Sunday hunting just for deer and Spring turkey, the bill could have adopted the language of Sections 10-410(a)(2) and (a)(6), which specifically govern deer seasons and turkey seasons, respectively. But it does not. It deletes all relevant sections of the statute, except Section 10-410(a)(1), which by its own terms is ALL GAME BIRDS AND MAMMALS.*** Because there is always an open season on at least one game bird or mammal at all times throughout the year, **this bill would allow hunting throughout the state on every Sunday of the year.** For example, crow season is 8/15 - 3/15; the spring turkey season is 4/18 - 5/23. And the coyote, nutria and groundhog seasons are year round. Just because it may be that currently the majority of hunters hunt deer and turkey does not change the **fact** that this bill, if enacted, would allow Sunday hunting for all game birds and mammals into the future, when the interests of hunters in additional or different kinds of prey might increase. The hunting accident report we submitted with this testimony contains reports of accidental shootings during hunting of groundhogs, etc.
- ❖ **This bill would infringe on the rights of the general public to enjoy outdoor recreation, the importance of which has received increased attention, including the State Park Investment Commission, a new Office of Outdoor Recreation in DNR, and the introduction of SB 541, the Great Maryland Outdoors Act. 78% of the Gonzales poll respondents said they would decide to alter their recreational plans to avoid hunters. In a Maryland Horse Council 2016 poll, 85% of respondents said they changed their schedules or riding locations to avoid encountering hunters.**

---

<sup>1</sup> [https://dnr.maryland.gov/wildlife/Documents/2018\\_DeerPublicOpinionSurvey.pdf](https://dnr.maryland.gov/wildlife/Documents/2018_DeerPublicOpinionSurvey.pdf)

- ❖ **Since the advent of the pandemic, widespread use of outdoor recreation and natural resources by the general public has only increased.** For example, attendance at Maryland State Parks in 2020 increased 45% over 2019, which was also a record year.<sup>2</sup> Demand remained strong through 2021. **Many of these new users are unfamiliar with the rules of hunting and hunting seasons, including the distinctions between private and public lands. Now is not the time to increase general public exposure to possible hunting risks, or to further deter the public from outdoor recreation. We have separately submitted with this testimony a report of hunting incidents from 2007 - 2021, compiled from DNR's own data.**
- ❖ **The Maryland horse industry represents \$2.1 billion in economic impact;** 28,000 jobs; \$1 billion in annual spending by participants; \$78 million in tax revenue. There are over 100,000 horses in Maryland (more per square mile than any state in the Union), and 51.8% of Maryland households contain horse enthusiasts.<sup>3</sup> There are horses in every county in the state.<sup>4</sup> The majority of Maryland riders are trail riders.<sup>5</sup>

The Maryland Horse Council (MHC) is a membership-based, umbrella trade association of the entire horse industry in Maryland. Our membership includes breed, interest and discipline associations, plus horse farms and stables, horse-related businesses, and horse owners representing all facets of the Maryland equestrian community, from the owners of race horses and race tracks, to the owners of international level competition horses, local sport horses, trail horses or just beloved retired companion horses. The owner of Pimlico, Laurel and Rosecroft racetracks is a member, as are vets, tack stores, and other farms, businesses and enthusiasts throughout the state. Every Maryland county, without exception, is home to hundreds to thousands of horses. (See footnote 3) There are more horse per square mile in Maryland than in any state in the Union. (See attached fact sheet.)

The horse industry in Maryland is a large, engaged and thriving constituency, and a strong economic engine: 28,000 direct equine related jobs; 16,000 properties occupying over 705,000 acres (almost 10% of Maryland's total land area, and over 25% of Maryland's agricultural land) The industry represents \$2.1 billion in annual economic impact, generating \$78 million in annual tax revenue. Horse industry participants spend \$1 billion dollars annually (compare that to the \$260 million annual figure for hunters cited in the Fiscal and Policy note). Thus, legislative actions that affect the equine industry have a broad economic effect.

## POSITION

The Horse Council opposes HB 514.

---

<sup>2</sup> <https://news.maryland.gov/dnr/2021/02/04/lt-governor-boyd-k-rutherford-maryland-department-of-natural-resources-announce-45-percent-increase-in-maryland-state-parks-attendance-in-2020/>

<sup>3</sup> See attached fact sheet.

<sup>4</sup> According to the 2010 Maryland Equine Census (current numbers are likely about 25% higher, based on current total statewide population and a pandemic-driven boom in horse ownership): Allegany 350; Baltimore 8950; Carroll 6050; Frederick 7850; Garrett 1500; Harford 6200; Howard 4350; Montgomery 7900; Washington 3750; Anne Arundel 4500; Calvert 1350; Charles 1750; Prince George's 7100; Saint Mary's 2300; Caroline 1300; Cecil 6200; Kent 1200; Queen Anne's 1700; Talbot 1500; Dorchester 350; Somerset 270; Wicomico 1800; Worcester 880

## BACKGROUND

For over 20 years, the Maryland Horse Council has worked to ensure fair use of shared natural resources during hunting season, by seeking to preserve Sundays as the one day of the week when children and adults who are hikers, birdwatchers, dog walkers, trail riders and other outdoor enthusiasts could enjoy the outdoors without concern for adverse interactions with hunters. About 20 years ago, we helped defeat a number of statewide Sunday hunting bills. Proponents of Sunday hunting then changed tactics, seeking to introduce Sunday hunting on a county-by-county basis, which we also opposed vigorously. Sometimes they were successful; sometimes not. When they were successful, they succeeded in making an already complicated situation more complicated, making it more difficult for others to plan their outings, and for Natural Resources Police to effectively crack down on poachers and irresponsible hunters, which has caused even more negative encounters between irresponsible hunters and other users.<sup>6</sup>

The Maryland Horse Council has proposed reasonable compromises that would still allow fair use of shared natural resources, by cutting off Sunday hunting, where allowed, at 10:30 am. This compromise still gives hunters, trail riders and others plenty of Sunday access to opportunities. This compromise has been embraced by some legislators, who have praised the Horse Council for this reasonable approach, and it has been adopted by Montgomery, Kent and Wicomico Counties. Now we are facing a bill that would allow all day Sunday hunting in Charles County on every Sunday of the year, because it covers all species of game birds and game mammals. According to the Maryland hunting season calendar, [https://dnr.maryland.gov/huntersguide/Documents/Hunting\\_Seasons\\_Calendar.pdf](https://dnr.maryland.gov/huntersguide/Documents/Hunting_Seasons_Calendar.pdf), there is an open season for at least one species on any day of the year. Coyote, groundhog and nutria are literally year-round. This bill does nothing to improve the situation for Natural Resources Police and continues to infringe on the fair rights of other users of our shared natural resources in Maryland.

The issue of recreational Sunday hunting is certainly a fraught one. In a November 2018 independent Gonzales statewide poll, the vast majority of respondents opposed Sunday hunting:

SUNDAY HUNTING Oppose 68.9%; Favor 21.9%

Breakdown:

Strongly Favor 13.5%

Somewhat Favor 8.4%

Somewhat Oppose 15.4%

Strongly Oppose 53.5%

These majorities opposed to Sunday hunting are true in Baltimore Metro, Washington Metro AND Rural areas. Rural Maryland opposed Sunday hunting 60.5% vs 34.1% in favor. Even DNR's own commissioned survey found that a majority of the general population does not favor Sunday hunting and does not want to see it expanded. (See footnote 1.) This bill directly contravenes that clear public opinion by authorizing DNR to allow all day hunting on all 52 Sundays of the year in Charles. This would be a tectonic shift for **Charles, which currently has only nine Sundays open (for deer hunting).**

---

<sup>6</sup>In a 2016 Maryland Horse Council survey, 35% of respondents reported "adverse incidents" with hunters while trail riding, ranging from rudeness to deliberate attempts to spook horses, threatening with firearms, and firing of "warning" shots. Significant percentages of DNR's survey respondents also reported problems when encountering hunters.

It is important to make clear that the Horse Council is not opposed to hunting. Many of our members are hunters of deer, other game mammals and game birds. We just want to ensure that everyone has a safe option for enjoyment of the outdoors, especially in this time of COVID. The COVID pandemic has dramatically increased the level of outdoor activity and use of natural resources. According to DNR, 2020 State Park attendance increased by 45% to 21.5 million visitors. 2021 demand remained strong. **Lt. Governor Rutherford stated: “With the ongoing COVID-19 pandemic changing the way we live, work, and play, more and more Marylanders are finding affordable, socially-distant, and family-friendly recreation opportunities at our parks and public lands,”** (See footnote 2.) Many of these new users are unfamiliar with the rules of hunting and hunting seasons, and are unaware that they may encounter hunters in the woods. Now is not the time to roll the dice and increase the chances of potential adverse interactions between hunters and members of the public who are relatively new to the outdoors..

It is also sometimes argued that recreational hunters need Sundays because they have other things to do on Saturdays - a situation that plainly applies to most of Maryland's families who use outdoor resources, be they hunters, birdwatchers, dog walkers, mountain bikers, off-road vehicle enthusiasts and trail riders. So why should one group get special consideration? Where is the balancing of the public good, the equitable access? The number of licensed hunters in Maryland, about 100,000, is less than 2% of the state's population of about 6 million. The number of licensed resident hunters is reportedly 9th lowest among all the states.<sup>7</sup> Compare that with the 24% who reported (pre-pandemic) making frequent or occasional trips specifically to view and experience wildlife in their native habitat for photography or other non-hunting purposes. (See footnote 1.)

In the Horse Council's statewide survey on Sunday hunting, 68% of respondents ride on trails on public or private land one or more days a week. And, perhaps most significantly, 85% said they changed their schedules or riding locations to avoid encountering hunters.

This bill would authorize Sunday hunting on private land. We of course recognize that private land owners have some right to decide what uses they want to allow on their land. But such rights have never been absolute, as any review of zoning and land use rules can plainly establish. And, as a practical matter the public/private land distinction affords little relief since public and private tracts are often relatively small, non-contiguous, intertwined and rarely well-marked. In our survey, referenced above, 56% of respondents said they ride on trails that cross both public and private land.

## CONCLUSION

We urge the Committee to give HB 514 an unfavorable report.

Respectfully submitted,  
Maryland Horse Council
