RE: SB 282 – Support

Dear Chair Kelley and Members of the Committee:

Kaiser Permanente is pleased to support – SB 282 – “Workgroup on Screening Related at Adverse Childhood Experiences.”

Kaiser Permanente is the largest private integrated health care delivery system in the United States, delivering health care to over 12 million members in eight states and the District of Columbia.¹ Kaiser Permanente of the Mid-Atlantic States, which operates in Maryland, provides and coordinates complete health care services for approximately 800,000 members. In Maryland, we deliver care to over 460,000 members.

Kaiser Permanente believes creating and enhancing measures to screen our youth for mental health challenges are paramount in forging pathways from trauma and toxic stress to recovery and healing. Studies show the impact of trauma is very broad and can impact a person across many parts of life: health, behavioral health, family, work, school and more. Roughly 59% of men and women experience at least one adverse childhood experience (ACE) in their life and 9% experience five or more ACEs. Moreover, children with histories of such experiences are twice as likely to have chronic health conditions. We appreciate that this workgroup would develop recommendations to address these important issues and urge a favorable report for SB 282.

Thank you for the opportunity to comment. Please feel free to contact me at Allison.W.Taylor@kp.org or (202) 924-7496 with questions.

Sincerely,

A handwritten signature in cursive script that reads "Allison Taylor".

Allison Taylor
Director of Government Relations
Kaiser Permanente

¹ Kaiser Permanente comprises Kaiser Foundation Health Plan, Inc., the nation’s largest not-for-profit health plan, and its health plan subsidiaries outside California and Hawaii; the not-for-profit Kaiser Foundation Hospitals, which operates 39 hospitals and over 650 other clinical facilities; and the Permanente Medical Groups, self-governed physician group practices that exclusively contract with Kaiser Foundation Health Plan and its health plan subsidiaries to meet the health needs of Kaiser Permanente’s members.
