

Dear Maryland Legislators:

News of demonic bill 1171 is shocking people all across the country. You really want Maryland to become the go-to state to kill babies? AND force your citizens to pay for it? And remove all age restrictions from sexual behavior and harmful surgical procedures on their healthy reproductive organs? STOP AND THINK ABOUT WHAT YOU ARE DOING. For the love of God, DON'T DO IT. I am praying that YOU – the person reading this – will do everything in your power to stop this evil from happening on your watch.

Thank you and may God preserve the State of Maryland.
