

I would like to voice my opposition to HB1171, Declaration of Rights - Right to Reproductive Liberty.

This deeply flawed bill would allow rapists and pedophiles to perform their heinous acts with impunity and to have the resulting children aborted by means of undue influence and coercion over the victims of their crimes, adding harm to the already abused, molested, suffering and exploited victims.

Do the right thing, and stop this bill completely.

Thank you.

Sincerely,
