

I am adamantly opposed to legalizing abortion and this bill would include late term abortions. As a NICU nurse these are the very babies I laboriously work to save! We need the money for care of these children in the NICU. This bill does not mention age, just that every person has a right to reproductive rights. A minor should not and cannot make these decisions without parental consent. This would allow sexual predators to hide the outcomes (babies) of their actions with minors. There is so much wrong with this bill it cannot be allowed to proceed and should be struck down. As a NICU nurse babies are able to survive outside the womb as early as 20 weeks gestation. What about these children RIGHT TO LIFE. This bill makes murder legal. This must stop and I demand it stop.

Sincerely,

Melany Chrash
