

HB 1171

Declaration of Rights - Right to Reproductive Liberty

I respectfully ask that you opposed HB 1171. The wording of this bill does not differentiate adults from children, of any age. It is taking away the rights from parents, biological or adoptive, to decide what is best for their child/ren. The "Right to Reproductive Liberty" means anything goes, regardless of age. Consider the damage and heartache of any parent, including you, of the irreparable damage to the family unit of Maryland. Again, please vote "NO" to HB 1171. I live in Texas, but I don't want to see a precedent to be followed by any other U.S. State.

Sincerely,
Claudia Schoener
