

UNFAVORABLE position on HB1171. Two reasons:

Abortion--the killing of a child in the womb--goes against life, liberty, and equality. Therefore, it has no place in the constitution. Against life: murder is murder wherever it occurs. Against liberty: that dead child will not be free to do anything else. Against equality: abortion says that men and women already born have more rights than those not yet born.

Abortion specifically targets blacks and minorities. Under the guise of giving us freedom, it robs us of freedom because there are fewer of us born to "stand up" for equality. Check the statistics from PP: whites do not use abortion as often as blacks and minorities. It's genocide that benefits whites.
