

#2 HB 1171 (UNFAVORABLE) #2

This right is not a right for every human being. Most specifically children, which by the way, age is not listed in this bill. This bill is not a right for Life, Liberty, and the pursuit of happiness. It goes against every human dignity, especially when children, who look to adults for protection and guidance—not to be confused with coercion, manipulation, mutilation, and disfigurement, are unable, not capable of making those decisions because they are too young to understand even the meaning of the words. Capitalizing on the innocence of children is a disgrace and brings its government into public disrepute.
