

This bill is a monstrosity. It does indeed protect reproductive "rights," that of perverts and pedophiles. This bill not only makes Maryland an Abortion Center for all those who wish to slaughter their own child free of charge, but allows this decision to be made without the consent of a parent or guardian, all while doing away with the age of consent, allowing serial pedophiles to molest children with the protection of the law, and then bring their victims to the Abortion Mill to have any infants that may result murdered.

This bill is an affront to God, an insult to these United States, and a mockery of any citizen of any State. Do not pass this bill, you will go to hell.
