

March 30, 2021

I am strongly opposed to HB1171.

The language of the bill is very broad.

This legislation will make Maryland a haven for all those with evil in their hearts towards reproductive rights. Many that deserve justice will be harmed by those that only have their own preservation at heart.

I urge you to deny passage of this bill and protect the rights of innocent persons whom will be harmed by this law if it should pass.

Sincerely,

Brad Utpadel
