

OPPOSE SB0839

I OPPOSE SB0839. This bill is unnecessary, costly, and discriminatory. DC, Montgomery County, and other places nearby have tried to implement something similar only to rescind it later. The use of a vaccine passport discriminates against minorities, religious peoples, and those with medical issues. It also hurts small businesses. While it might be “optional” now, what’s the prevent it from becoming mandatory later? I OPPOSE SB0839.

Thank you,

Jessica Helms
