

I'm absolutely against this bill passing. There is NO reason for this, and it is unbelievable that I am even having to write to beg that this bill be killed immediately! It's sickening to think that someone even created it, but even more so that it's had support by the very people voted in to help protect human lives at ANY age. Again, I'm begging you kill this bill and do more to protect the lives of the innocent both in AND out of the womb. This isn't just about abortion laws; this is about children that need HELP and PROTECTION from EVIL that surrounds them. If you agree with this bill, that says a lot about the perverse thoughts going through your mind in my opinion. Please do not let this bill pass and harm our children and women any more than they've already been mentally and physically. Give them the actual help and support they may need mentally and teach them how to survive through something awful and help them find GOOD and HEALTHY resources to help them build an amazing future for themselves as well as any child they may be bearing if seeking an abortion.
