Dear Legislator

Please vote **against** this bill! We **are** against any violation of children, as I am sure you also are.

I am sure your conscience cannot permit you to vote for a bill that would erase statutory rape laws against minors as well as prevent an adult to be charged and arrested for taking advantage of a child.

I request that you voice your opinion to your associates to **not vote for**, but **vote against** this bill.

Respectfully,

Todd & Camille Jusas
