HB1171 REPRODUCTIVE LIBERTY BILL!!!

To the Members of the Senate and others who will be deciding on HB1171...

Please KNOW that I adamantly object to every aspect of bill HB1171.

A bill which allows minors to make decisions on their reproductive rights as all ages are considered legal - thus opening wide the door to legal child abuse and NO protection for children or anyone.

This bill effectively undoes every law against rape, murder and sodomy of any person - any age - by anyone!!!

This HB1171 bill allows other sex offenders, child molesters and otherlike minded criminals to come to Maryland to commit these crimes against their victims, thus making it possible and legal for sex offenders (from any other state) to flee to Maryland to rape, murder and sodomize their victims without any penalty by law.

And if the person cannot afford legal help, the fees will be paid for by the taxpayers.

This is OUTRAGES in EVERY ASPECT and a TOTAL AFFRONT to EVERY GOOD - THAT YOU - REPRESENTATIVES SWORE TO UPHOLD AS AN OATH - TO PROTECT THE PEOPLE!!!

DO NOT PASS THIS HORRIFIC BILL - HB1171.
