Subject: VOTE NO on HB 1171 RIGHT TO REPRODUCTIVE LIBERTY: A EUPHEMISM FOR CHILD HOLOCAUST

Date: Tue, Mar 29, 2022 8:48 pm

HB 1171 wages a war on children and women that is barbaric for many reasons. It is a violation of any Constitution to force taxpayers against their conscience to pay for the murder of human life. It is unconscionable and diabolical destruction of humanity and loathing of children rejoicing in their abuse and destruction that advance eugenics. Not only does this bill erase statutory rape laws, but places children in hideous danger all paid for by Maryland tax dollars. Opening up Maryland to fund abortions from anywhere in the USA. This bill makes it illegal to criminalize sex between children and adults. This bill does not enshrine civilization but rather makes Maryland into a tax-funded abortion sanctuary for child molesters, rapists, child murderers, and the absolute sacrifice of our children, our most precious resource.

Thank you for defeating this evil HB 1171.

Sincerely,
Sally Fisher
