Dear Legislator

Please vote against this bill. We are against any violation of children, as I am sure you also are.

I am sure your conscience cannot permit you to vote for a bill that would erasing statutory rape laws against minors. As well as prevent an adult to be charged and arrested for taking advantage of a child.

I request that you voice your opinion to your associates to not vote for, but vote against this bill.

Good day and God bless you and your family!

Jim & Robin McCann
