

My name is John Murray Tarter

I am a 1969 graduate of Bowie Senior High School and a former parishioner of St. Pius X Catholic Church in Bowie.

I'm writing this testimony against HB1171 specifically due to its lack of AGE restrictions for many of its purported freedoms.

Of course not limiting the dates for abortions is far past what most western counties permit, let alone the wonderful state of Maryland.

Please consider rethinking this radical legislation before it is sent to the electorate.

Thank You.
