

I am against Maryland House Bill 1171 which is being heard on the Senate floor Wed, March 30. If this bill passes, abortion will be made a constitutional right in Maryland. There is no mention of age in this bill. It erases statutory rape laws. It goes far beyond Roe v. Wade! It will provide Maryland tax dollars to pay for these procedures even for out-of-state individuals seeking these procedures here. This bill must be stopped!
