

Testimony

Somewhere along the way the sponsors of this Haines bill have lost all sense of Reason. Right Reason is something everyone has been gifted with. Supporters of this bill are driven not by reasoning, but how they are living and to justify their behavior it is necessary to make others conform to it.

This type of person is not a majority in this great country's moral citizenship, but the one with the biggest mouth, with the biggest agenda and has infiltrated our once great Republic of government by the people for the people.

HB 1171 would create a haven for rapist, pedophiles, child porn and moral corruption of minors paid for with tax dollars of citizens who do not have a clue what you are trying to implant into our constitution.

Come on lawmakers, dump this piece of garbage in the inhuman rights landfill.
