

**Testimony in SUPPORT of Senate Bill 890 – Abortion Care Access Act**  
**Senate Finance Committee**  
**February 23, 2022**

The Jewish Community Relations Council of Greater Washington (JCRC) serves as the public affairs and community relations arm of the Jewish community. We represent over 100 Jewish organizations, synagogues, and social services agencies throughout Maryland, Virginia, and the District of Columbia. The JCRC is strongly committed to cultivating a society based on freedom, justice, and pluralism. We work throughout the region to advocate for our agencies that serve the most vulnerable residents and to campaign for important policy interests on behalf of the Jewish community and all Marylanders. The JCRC is focused on promoting social justice and intergroup relations and combating antisemitism and all forms of hatred.

In our ongoing effort to strengthen Maryland's reproductive freedom laws, the JCRC supports Senate Bill 890—Abortion Care Access Act. Our agency is committed to religious liberty and upholding one's constitutional right to reproductive freedom, that is, abortion and contraception. While the State of Maryland codified *Roe v. Wade* in 1992, not everyone in the state has access to safe and affordable abortion care. We need to truly ensure reproductive freedom for all Marylanders including accessibility, safety, and affordability.

Senate Bill 890 establishes the Abortion Care Clinical Training Program in the Maryland Department of Health and the Abortion Care Clinical Training Program Fund. The purpose of this program is to protect access to abortion care by ensuring that there are a sufficient number of health professionals to provide abortion care. In addition to expanding the pool of qualified practitioners, SB 890 ensures funding for provider training. It requires the Governor to include in the annual budget bill an appropriation of \$3,500,000 to the Program.

The Bill also establishes certain requirements regarding abortion care services, including provision and coverage requirements on the Maryland Medical Assistance Program, and certain insurers, nonprofit health service plans, and health maintenance organizations. SB 890 requires the Maryland Health Benefit Exchange to adopt regulations to provide subsidies to cover the cost of insurance premiums for young adults; in so doing, it ensures insurance coverage regardless of payor --private and Medicaid. Although the State of Maryland already has codified reproductive freedom laws, we need to guarantee that this religious freedom is ensured for all. For these reasons, we ask the committee to give a favorable report on SB 890
