

I am writing this in full opposition to the Maryland Bill 1171 that would make it illegal to prosecute adults having sexual intercourse with any age child, make abortion on demand, sterilization and transgender surgery free to anyone from anywhere no matter what age and without parental consent. I write this out of love for our country and it's people. Our children deserve to be brought up in truth and to be protected at all costs from all harm and all lies. Thank you for your consideration.
