

Declaration of Rights- Right to Reproductive Liberty (HB1171)

Good evening,

I am writing this paragraph to inform you of my disapproval of this proposed bill. Advancing abortion will cause greater harm than good. Most people feel alone, afraid, and are unsure of what to do if they are in a crisis pregnancy. Giving the option of abortion will further damage the mother's conscience. Most mothers who decide to keep their child end up being much happier in the long run. The biggest issue of our time is abortion, let's use this opportunity to fix it- for God said, "Before I formed you in the womb, I knew you" (Jeremiah 1:5). Please do not cause further harm!

Sincerely,

Christian Hurlburt
