

Dear Maryland,

I am writing in testimony to state that HB 1171 should not be passed into law. Reproductive Liberty is not liberty for all. It is liberty for some to do whatever they want without consequences. This bill is only opening the door to lawlessness, under a false name of "liberty".

Liberty is to do what is right and just according to God's laws. This bill does not protect the most innocent, the children. For example: where is the text for age of consent? Where is the text for protection from statutory rape? Just to remind you, it is unconstitutional for sex between adults and minors.

Maryland, please do your duty in creating laws that protect the people of Maryland, and do not move the State of Maryland into lawlessness under the disguise of liberty.

Nancy
