Subject: House Bill 1171- Declaration of Rights – Right to Reproductive Liberty

Dear Delegate Adrienne A. Jones,

I am writing to you to oppose the House Bill 1171 an amendment to the state's Declaration of Rights to add a "Right to reproductive liberty." I believe that this amendment is immoral and will have horrible consequence for babies in the womb and newly born.

Instead of promoting abortion, we should remain committed to helping women and children in need not only throughout pregnancy but the whole life of the child. We should do this through the support of pregnancy centers not abortion clinics.

We are calling president Putting a murderer for killing innocent children, bombing hospitals and maternity clinics, but we are totally fine with killing millions of innocent children in the womb by helping mothers to kill their babies and by supporting financially the abortion industry.

We should protect every life every day because it is precious!

Something to think about: "I've noticed that everyone who is for abortion has already been born."
(Ronald Reagan)

Thank you for taking time to read my letter and considering my full opposition to H.B.1171.

Respectfully Yours,

Elzbieta Bryczkowska
