RE: HB1171
Declaration of Rights – Right to Reproductive Liberty

Dear Sir's & Ma'am's:

It is brought to my attention that you are creating a right to reproductive Liberty.

We are already endowed with individual rights. They are written in the US Constitution and the Bill of Rights. Creating a new Reproductive right isn't needed as we already are given the rights to Life, Liberty, and the pursuit of Happiness. These are also rights not given to us by men/women, they are rights given to us by God. You are usurping one of those rights if not all three by creating a right for a woman to abort a life. She has the God given right already to choose this. We, as Christians, are PRO-Life. We don't want the mother to do this. No one is stopping her from making this choice. We are adamant about this choice not being funded by the citizenry. It's like trying to make someone pay for someone else's Cigarettes which caused all kinds of medical problems. We know it's a bad choice to smoke, but you don't require us as citizens to pay for someone else's cigarettes, do you? We don't want this bill because it will allow the Maryland Government to pay for just about any scenario for this hideous alternative.

Also, the other provisions in this bill are simply evil and devilry and must not get passed.

Again, thank you for your time in reading this letter.

Sincerely,

Chris Yarosz
