

**I oppose this bill:**

- 1. One's medical information is one's own business and should not be used to discriminate and segregate citizens based on vaccine status.**
- 2. No business should be discriminating who can or cannot use their service based on COVID or other vaccination status especially vaccines that are still only Emergency Use Approved.**
- 3. The CDC itself has said that the vaccinated can both get and spread COVID virus. Many unvaccinated people have natural immunity which is cross protective, enduring and a benefit to the public.**
- 4. One's medical information should be protected information, but we have seen repeatedly that "protected" information can be hacked.**
- 5. Vaccine passports have been withdrawn across the globe. They are unnecessary and represent a violation of personal freedom, privacy, and health choice.**
- 6. Public funding would be used to develop and market an unnecessary program which lays the foundation for chilling government tracking, surveillance, divisiveness, and control.**
