

There is NO reason for this, and it is unbelievable that I am even having to write to have this bill be killed immediately! I can't even begin to try and understand why someone even created it other than for evil things being forced upon our children who should be PROTECTED. What is even more sickening is that it's had support by people voted in to help protect innocent lives. Again, I'm asking for this bill to be killed. You need to do more to ACTUALLY PROTECT the lives of the innocent both in and out of the womb. This is about children and women that need help and protection. Agreeing with this bill says a lot about the perverse thoughts going through your mind. Please do not let this bill pass and harm our children and women any more than they've already been mentally and physically. Give them the help and support they may need mentally and teach them how to survive through something awful. Help them find GOOD and HEALTHY resources to help them build a great future for themselves as well as their child if they are pregnant and are seeking an abortion. PLEASE DO NOT PASS THIS BILL!!!
