To whom it may concern,

Praised be Jesus Christ, now and forever! It is with righteous anger that I, a Catholic Christian man, write to respectfully request the defeat and rejection of HB1171, which threatens the lives of unborn human persons and their mothers in Maryland, D.C., & Virginia, where I live. This diabolically crafted lie has one goal: the murder of as many unborn human persons as possible, at the expense of Maryland residents, many of whom are pro-life, pro-family, pro-woman, pro-God Christians. All unborn lives matter, and must be defended, protected, and nurtured by us – not brutally murdered by abortion, the worst holocaust in history! Our Lord Jesus Christ taught us, “Whatever you did to the least of my brethren, you did it to me” (Matthew 25:40). Unborn human persons are “the least” among us, and must be vigorously defended and protected, as you and I were. I thank you for your prayerful consideration of this most grave issue, and I welcome you to contact me to discuss it at your convenience.

Respectfully in Jesus, Mary, & Joseph,
